

We are fighting back against breast cancer this October!

October is Breast Cancer Awareness Month and we are hosting a few fundraisers this month to *raise awareness* and *help support life-saving breast cancer research!*

We are trying to raise **money and awareness**. Awareness about breast cancer and how to prevent it. Did you know the Canadian Cancer Society estimates that in 2015, an average of 68 Canadian women will be diagnosed with breast cancer every day? What about the fact that a simple test, called a mammogram, can help detect breast cancer and that early detection is important to improving survival rates and quality of life for those women who are diagnosed with breast cancer. And of course, money is important to fund life-saving research that is being done as you read this!

So we have a few REALLY EXCITING things happening at Medi-Center Pharmacy this month that you don't want to miss!

1. We are selling breast cancer ribbons. For \$2, you get to write your name on a pretty pink paper ribbon that will be displayed in our pharmacy. These will be sold for the entire month of October!

2. We are having a pie sale!! YUM! Who doesn't love pie? We will be dishing up some delicious pumpkin pie on October 9 for \$2 per slice.

3. We are having 2 draws for prize baskets!

The first draw will take place on October 9 and the basket will come in handy for your Thanksgiving supper this weekend. The first basket has some treats and gift cards that are necessary for your turkey dinner and Halloween celebrations!

The second draw will take place on October 23 and the winner will get an awesome movie night basket for you to enjoy with friends or family!

All proceeds are going to breast cancer research!

Stop in to see us this month and support a good cause!
